Ronn Allen's unique style of poetry and prose are captured in "Search for Substance," his second book. A departure from his successful debut, "A Town Called Riverton," this new collection features over sixty poems that vary in subject and theme. From the soft whispered confessions of "For You" to the finger pointing, raised voice delivery of "Done with Babysitters," Ronn Allen's writing leads us through his web of creative imagery. The beauty and sometimes ugliness of details are highlighted and examined in this "Search for Substance."
